

*Jardinico is a producer of high-quality outdoor cushions for European designers and manufacturers of garden furniture.*

**Cover:** Sunbrella or Batyline Ferrari

**Sunbrella** is the result of over 45 years of ongoing research and development. Sunbrella's UV-resistant color pigments are fully blended into its high performance fiber. Sunbrella fabric's strength and color refuses to fade even under the harshest conditions, while retaining the softness of spun cotton.

For more information, please visit [www.sunbrella.com](http://www.sunbrella.com)

**Batyline®** is the creator and manufacturer of composite fabrics which are 100% recyclable for interior and exterior furniture.

Technology based on the weaving of extrusion-sheathed threads guaranteeing fabric regularity allows **Batyline®** to cover and adorn with elegance in a variety of surroundings. Its wide range of colours, patterns and materials allow its integration into every style, from the most classic to the most contemporary...
