

**Alma** synthetic rattan is a superior-quality polyethylene-based fiber. Therefore, it is suitable for gardens, beaches and poolside because it is resistant to fresh water, salt water, and chlorine. The fiber has been tested to stand against UV exposure without fading for 3 years.

**Warranty:** 2 years from time of delivery

Olefin fiber is solution dyed then woven, retaining color and vibrancy for years. Olefin is soft and comfortable, resists stains, mildew, fading, and abrasions. Easy-care, open weave construction stays cool. Fabric is exclusively designed for outdoor use.
